PROFESSIONAL SUMMARY

Results-driven Senior Accountant with 10+ years of experience managing end-to-end financial operations, financial reporting, and compliance across multinational environments. Expertise in Financial Planning & Analysis (FP&A), month-end close, general ledger management, and audit coordination under IFRS & GAAP frameworks. Proven track record in improving financial processes, strengthening internal controls, and delivering accurate, timely financial insights to support strategic decision-making, contributing to an average of 15% efficiency gain in financial operations. Advanced user of SAP, Oracle ERP, Power BI, and Excel-based financial models.

WORK EXPERIENCE

Senior Accountant

Mar 2014 – Mar 2026

Amtaar Investment Company • Khartoum, Sudan, & Abu Dhabi

- Managed end-to-end financial operations including general ledger, accounts payable/receivable, fixed assets, and payroll in compliance with IFRS & GAAP.
- Led month-end and year-end close processes, improving closing cycle time by 25% through process optimization and reconciliation enhancements.
- Prepared and presented monthly, quarterly, and annual financial statements to senior management and auditors, ensuring 100% accuracy.
- Conducted budgeting, forecasting, and variance analysis, providing actionable insights that supported strategic business decision-making and reduced costs by 10%.
- Strengthened internal controls framework by implementing audit recommendations and improving financial governance, reducing discrepancies by 20%.
- Coordinated external and internal audits, ensuring timely completion with minimal audit adjustments and a 95% compliance rate.
- Improved VAT and tax compliance accuracy by 30% through enhanced review and control mechanisms.
- Supported ERP process optimization (SAP & Oracle), improving reporting efficiency and data accuracy by 15%.
- Managed payroll processing for 380+ employees, ensuring 100% compliance with statutory regulations and timely disbursements.
- Developed financial dashboards using Power BI, enabling real-time performance tracking and reporting for key financial metrics.
